

WHEN YOUR STUDENTS COMMIT TO UW-EAU CLAIRE, WE COMMIT BACK.

When your students become a member of our family, it's our responsibility to ensure their safety, well-being and access to academic excellence. This is a responsibility we do not take lightly. Though our world has changed because of the COVID-19 pandemic, some things have not, like the unparalleled support students will receive from our faculty and staff, and the top-quality education we provide at both of our campuses — all at an affordable cost.

Your students will have many life-changing learning opportunities that not only prepare them for a successful career but also to step boldly into the world as an active global citizen, ready to transform it.

EAU CLAIRE CAMPUS

At our main campus in Eau Claire, Wisconsin, we offer a four-year bachelor's degree with more than 80 majors and minors to choose from. Students can earn their degree while exploring multiple interests, gaining firsthand professional experience and making a positive impact on others and the world around them.

BARRON COUNTY CAMPUS

Our campus in Rice Lake, Wisconsin, offers an in-person or online Associate of Arts and Sciences degree. This two-year program offers a high-quality education with credits that are easy to transfer and family-like support. Leave prepared to enter the workforce or continue your education.

NEW AND RELEVANT DEGREE PROGRAMS

At UW-Eau Claire, we pride ourselves on offering high-quality academic programs that are not only on the cutting edge of innovation, but also that align with employment demands.

PUBLIC HEALTH

This new major is excellent for those curious about health on a global scale and eager to help others, especially now as we face a pandemic. Common public health careers include epidemiologist, community health worker and health educator.

BIOMEDICAL ENGINEERING

This new major will equip graduates to address the increasing demand for biomedical solutions and to serve the health care needs of an aging U.S. population. The curriculum emphasizes the engineering, design, use and manufacturing of biocompatible materials and devices. Our program is one of only three in the UW System.

MASTER OF SCIENCE IN ATHLETIC TRAINING

This program is an enhancement to our undergraduate major in athletic training which accepted its final cohort in spring 2019. This change is in response to newly adopted accreditation requirements by the Commission on the Accreditation of Athletic Training Education — all undergraduate athletic training programs will transition to the graduate level.

ADMISSIONS PROCESS

UW-EAU CLAIRE AND UWEC – BARRON COUNTY

ADMISSION GUIDELINES

UW-Eau Claire: Academic preparation and success are the primary considerations for admission and include: high-school class rank, GPA, trends in grades, senior year courses, test scores (if applicable) and course rigor. Non-academic factors are also considered and include leadership, special achievements, service, diversity in personal background and experiences.

- **4 units English:** At least 3 composition and literature.
- **3 units mathematics:** Algebra, geometry, advanced college preparatory mathematics (algebra II or advanced algebra).
- **3 units natural science.**
- **3 units social science:** 1 must be world or American history.
- **4 units additional coursework:** In any of the above areas as well as a language, art, music, speech, computer science or other academic areas.

The identified units above are the minimum required for admission consideration. To be competitive for admission, completion of four years in the core academic areas is recommended as 67% of the incoming freshman class will already have college or AP credit.

UW-Eau Claire – Barron County:

Offers open access with a 100% acceptance rate, and is committed to providing access to quality higher education.

- **4 units English.**
- **3 units mathematics:** 1 of algebra, 1 of geometry.
- **3 units natural science.**
- **3 units social science/history.**
- **4 units electives:** Chosen from a language, fine arts, computer science or other academic areas.

NOTE: Students should contact Admissions if they have concerns about meeting the above guidelines.

APPLICATION DEADLINES

UW-Eau Claire

- » Application opens | **Aug. 1**
- » Submit application for priority consideration | **Dec. 1**
- » Submit application for space-available consideration | **Feb. 1**

UW-Eau Claire – Barron County

- » Application opens | **Aug. 1**
- » Submit application for priority consideration | **Feb. 1**
- » Submit application for space-available consideration | **Aug. 1** (before fall semester of your entry term begins)

HOW DO I APPLY?

The following materials are required for admission consideration.

- A completed application at uwec.edu/apply
 - **UWEC-specific** — for students looking to apply only to UWEC and/or UWEC – Barron County.
 - **UW System application** — for students looking to apply to multiple UW System schools.
- A \$25 application fee or fee waiver.
- **Unofficial** initial high school transcripts. (Official final transcripts required prior to enrollment.)
- **ACT/SAT test score**

In accordance with the resolution made by the UW System Board of Regents, UW-Eau Claire is not requiring test scores for students applying for fall 2021. Choosing to apply test-optional means that the student's ACT/SAT score(s) will not be considered as part of the admission review process. **NOTE:** If official test scores have not been sent, students may self-report test scores through the UWEC-specific application. Students will be required to submit official ACT or SAT score results before the first day of classes if they did not choose to apply test-optional.

WHERE DO I SEND MATERIALS?

**University of Wisconsin-Eau Claire
Office of Admissions** | Schofield Hall 111
105 Garfield Avenue | Eau Claire, WI 54701

UW-EAU CLAIRE

POSTPONED DECISIONS

Applicants who apply prior to Feb. 1, 2021, and meet college preparatory credit requirements may have an admission decision postponed. Postponed applications will be considered on a space-available basis if the applicant submits updated grades or test scores. Applicants will be notified of a final decision no later than March 15, 2021.

SCHOLARSHIP APPLICATION PROCESS

Incoming first-year students who have an ACT score of 25 or greater (total SAT of 1200 or greater) and are in the top 25% of their high school class (or if class rank is unavailable, have a GPA of 3.5 or greater on a 4.0 scale) and are admitted by Dec. 1 (considered for early awards) or Feb. 1 (scholarship deadline) are encouraged to apply for scholarships. Students applying for fall 2021 who are unable to take the ACT/SAT prior to Feb. 1 due to COVID-19 can be considered for scholarships with a 3.75 unweighted GPA.

The admissions scholarship application, descriptions and amounts are available at uwec.edu/scholarships.

UWEC – BARRON COUNTY

TRANSITION TO EAU CLAIRE CAMPUS

Students currently enrolled at UW-Eau Claire – Barron County who would like to continue their education at the Eau Claire campus should complete the **Change of Campus Location Form**.

This form does not guarantee admission to specific majors or programs that have selective and competitive admission. Students should work with their academic advisor regarding specific requirements to prepare for a successful transition.

A CAMPUS VISIT DESIGNED FOR YOU

The best way for your students to know if a campus is right for them is to visit! But we understand that not everyone is looking for the same thing on their visit. That is why we have designed a variety of visit options with your students in mind. They can choose from one of our many visit options, including a general campus visit, an academic program visit or even a virtual option like our virtual student panel.

Whether in-person or virtually, we encourage students to **explore**, **question** and **connect** when they visit.

EXPLORE.

Take the opportunity to explore and be inspired.

QUESTION.

Start real conversations that lead to new relationships and confident choices.

CONNECT.

Make connections with campus and the feeling of being a Blugold.

Visit reservations can be made online for each campus

To ensure the health and safety of our guests and our campus community, we have implemented guidelines such as limiting group sizes and requiring masks inside campus buildings and when physical distancing is not possible outdoors. As safety guidelines set forth by health officials allow, we will add additional in-person visits.

UW-EAU CLAIRE

Specific dates and details are available at uwec.edu/visit
