apply.wisconsin.edu
With college right around the corner, now’s a great time to start exploring your options. Time to get excited! This is your guidebook to the University of Wisconsin System and all the amazing things each campus has to offer.

There are 25 UWs across our state, from welcoming local campuses to internationally recognized research institutions. Just as each campus has its own degree offerings, each has their own unique charms, communities, activities, and more. There’s a UW for everyone. Which UWs are for you?

One of the easiest ways to decide which UWs fit you best is to think about what kind of education you need. The University of Wisconsin System offers both 2-year and 4-year campuses. Which is right for you?

### 2 OR 4?

#### 2 THE TWO-YEAR UWs

**Earn an associate degree through a focused, two-year program.**

There are 12 UWs that focus on two-year degrees. They have lower costs, smaller class sizes, and simpler, friendlier admission standards. They can be a great place to start your career. Even more, you can earn credits that then transfer directly to any four-year UW.

*Some two-year campuses offer a select number of bachelor’s degree programs.

#### 4 THE FOUR-YEAR UWs

**Earn a bachelor’s degree through a rigorous, comprehensive four-year program.**

There are 13 four-year UWs that can position you for advanced professional careers or graduate-level studies. They have high standards for admission and take into consideration the full breadth and diversity of your experiences.
